E-Safety Core Policy

Written September 2007

Last Reviewed Dec 2016

E-Safety encompasses the use of new technologies, internet and electronic communications such as mobile phones, collaboration tools and personal publishing. It highlights the need to educate pupils about the benefits and risks of using technology and provides safeguards and awareness for users to enable them to control their online experience.

The previous Internet Policy has been extensively revised and renamed as the Kibworth C of E Primary School' e-Safety Policy to reflect the need to raise awareness of the safety issues associated with electronic communications as a whole.

The school's e-safety policy will operate in conjunction with other policies including those for Student Behaviour, Bullying, Curriculum, Data Protection and Security.

End to End e-Safety

E-Safety depends on effective practice at a number of levels:

- Responsible ICT use by all staff and students; encouraged by education and made explicit through published policies.
- Sound implementation of e-safety policy in both administration and curriculum, including secure school network design and use.
- Safe and secure broadband from **Kibworth C of E Primary School Broadband** including the effective management of Websense filtering.
- National Education Network standards and specifications.

E-Safety Audit

This audit has been carried out by the senior leadership team (SLT) to assess whether the basics of e-safety are in place. Kibworth C of E Primary School will also design learning activities that are inherently safe and might include those detailed within Appendix 1.

The school has an e-Safety Policy that complies with CFE guidance.	Y

2.2 Teaching and learning

2.2.1 Why Internet use is important

- The Internet is an essential element in 21st century life for education, business and social interaction. The school has a duty to provide students with quality Internet access as part of their learning experience.
- Internet use is a part of the statutory curriculum and a necessary tool for staff and pupils.

2.2.3 Internet use will enhance learning

- ❖ The school Internet access will be designed expressly for pupil use and will include filtering appropriate to the age of pupils.
- ❖ Pupils will be taught what Internet use is acceptable and what is not and given clear objectives for Internet use.
- Pupils will be educated in the effective use of the Internet in research, including the skills of knowledge location, retrieval and evaluation

2.2.4 Pupils will be taught how to evaluate Internet content

- ❖ The school will ensure that the use of Internet derived materials by staff and pupils complies with copyright law.
- Pupils should be taught to be critically aware of the materials they read and shown how to validate information before accepting its accuracy.

2.3 Managing Internet Access

2.3.1 Information system security

- ❖ School ICT systems capacity and security will be reviewed regularly.
- ❖ Virus protection will be updated regularly.

2.3.2 E-mail

- ❖ Pupils may only use approved e-mail accounts on the school system.
- ❖ Pupils must immediately tell a teacher if they receive offensive e-mail.
- ❖ Pupils must not reveal personal details of themselves or others in e-mail communication, or arrange to meet anyone without specific permission.
- E-mail sent to an external organisation should be written carefully and authorised before sending, in the same way as a letter written on school headed paper.
- The forwarding of chain letters is not permitted.

2.3.3 Published content and the school web site

- ❖ The contact details on the Web site should be the school address, e-mail and telephone number. Staff or pupils' personal information will not be published.
- The headteacher will take overall editorial responsibility and ensure that content is accurate and appropriate.

2.3.4 Publishing pupil's images and work

- ❖ Photographs that include pupils will be selected carefully and will not enable individual pupils to be clearly identified.
- ❖ Pupils' full names will not be used anywhere on the Website or Blog, particularly in association with photographs.
- ❖ Written permission from parents or carers will be obtained before photographs of pupils are published on the school Website or Twitter feed by way of signed Media Agreement.
- Pupil's work can only be published with the permission of the pupil and parents.

2.3.5 Social networking and personal publishing

- ❖ The school will block/filter access to social networking sites.
- ❖ Newsgroups will be blocked unless a specific use is approved.
- ❖ Pupils will be advised never to give out personal details of any kind which may identify them or their location.
- Pupils and parents will be advised that the use of social network spaces outside school is inappropriate for primary aged pupils.

2.3.6 Managing filtering

- ❖ The school will work with the LA, DfE and the Internet Service Provider to ensure systems to protect pupils are reviewed and improved.
- ❖ If staff or pupils discover an unsuitable site, it must be reported to the e-Safety Coordinator.
- Senior staff will ensure that regular checks are made to ensure that the filtering methods selected are appropriate, effective and reasonable.

2.3.7 Managing videoconferencing

- ❖ IP videoconferencing should use the educational broadband network to ensure quality of service and security rather than the Internet.
- ❖ Pupils should ask permission from the supervising teacher before making or answering a videoconference call.
- ❖ Videoconferencing & Skype will be appropriately supervised for the pupils' age.
- Skype will be managed by the supervising adult who will connect using a protected password.
- Use of video for teaching purposes; i.e.; IRiS – agreement is sought from the parents where media agreements have not been signed or where the material will be made public.

2.3.8 Managing emerging technologies

- ❖ Emerging technologies will be examined for educational benefit and a risk assessment will be carried out before use in school is allowed.

2.3.9 Protecting personal data

- ❖ Personal data will be recorded, processed, transferred and made available according to the Data Protection Act 1998.

2.4 Policy Decisions

2.4.1 Authorising Internet access

- ❖ All staff, visitors, governors and trainees must read and sign the 'Acceptable ICT Use Agreement' before using any school ICT resource.
- ❖ The school will keep a record of all persons and pupils who are granted Internet access. The record will be kept up-to-date, for instance a member of staff may leave or a pupil's access be withdrawn.
- ❖ At Key Stage 1, access to the Internet will be by adult demonstration with occasional directly supervised access to specific, approved on-line materials.
- Parents will be asked to sign and return a consent form.

2.4.2 Assessing risks

- ❖ The school will take all reasonable precautions to ensure that users access only appropriate material. However, due to the international scale and linked nature of Internet content, it is not possible to guarantee that unsuitable material will never appear on a school computer. The Discovery Kibworth C of E Primary School Teaching Trust cannot accept liability for the material accessed, or any consequences of Internet access.
- ❖ The school will audit ICT provision to establish if the e-safety policy is adequate and that its implementation is effective.

2.4.3 Handling e-safety complaints

- ❖ Complaints of Internet misuse will be dealt with by a senior member of staff.
- ❖ Any complaint about staff misuse must be referred to the headteacher.
- Complaints of a child protection nature must be dealt with in accordance with school child protection procedures.
- Pupils and parents will be informed of the complaints procedure.

2.4.4 Community use of the Internet

- The school will liaise with local organisations to establish a common approach to e-safety.

2.5 Communications Policy

2.5.1 Introducing the e-safety policy to pupils

- ❖ E-safety rules will be posted in all networked rooms and discussed with the pupils at the start of each year.
- ❖ Pupils will be informed that network and Internet use will be monitored.

2.5.2 Staff and the e-Safety policy

- ❖ All staff will be given the School e-Safety Policy and its importance explained.
- Staff should be aware that Internet traffic can be monitored and traced to the individual user. Discretion and professional conduct is essential.

2.5.3 Enlisting parents' support

- ❖ Parents' attention will be drawn to the School e-Safety Policy in newsletters, the school brochure and on the school Web site.

The e-Safety Policy is part of the School Development Plan and relates to other policies including those for ICT, bullying and for child protection.

- Our e-Safety Policy has been agreed by senior leadership team and approved by governors.
- The e-Safety Policy and its implementation will be reviewed annually.
- The e-Safety Policy was revised by: Nick Bradley
- It was approved by the Governors on: 01/12/2016
- It will be reviewed: December 2017

Employee, Volunteer, Trainee and Visitor **Acceptable Use Agreement / Code of Conduct for E Safety**

ICT (including data) and the related technologies such as e-mail, the internet and mobile devices are an expected part of our daily working life in school. This policy is designed to ensure that all staff are aware of their professional responsibilities when using any form of ICT. All staff are expected to sign this policy and adhere at all times to its contents. Any concerns or clarification should be discussed with the Designated Senior Person for child protection and safeguarding.

- I will only use the school's email / Internet / Intranet / Learning Platform and any related technologies for professional purposes or for uses deemed 'reasonable' by the Head or Governing Body.
- I will comply with the ICT system security and not disclose any passwords provided to me by the school or other related authorities.
- I will ensure that all electronic communications with pupils and staff are compatible with my professional role.
- I will not give out my own personal details, such as mobile phone number and personal e-mail address, to pupils.
- I will only use the approved, secure e-mail system(s) for any school business.
- I will ensure that personal data (such as data held on MIS software) is kept secure and is used appropriately, whether in school, taken off the school premises or accessed remotely. Personal data can only be taken out of school or accessed remotely when authorised by the Head or Governing Body. Personal or sensitive data taken off site must be encrypted.
- I will not install any hardware or software without permission of the head or deputy.
- I will not browse, download, upload or distribute any material that could be considered offensive, illegal or discriminatory.
Images of pupils and/ or staff will only be taken, stored and used for professional purposes in line with school policy and with written consent of the parent, carer or staff member. Images will not be distributed outside the school network without the permission of the parent/ carer, member of staff or Headteacher. They should not be stored on personal devices such as mobiles or personal cameras. Images should be uploaded to the server and then removed from personal devices before leaving the premises.
- I will support the school approach to online safety and not deliberately upload or add any images, video, sounds or text that could upset any member of the school community.
- I understand that all my use of the Internet and other related technologies can be monitored and logged and can be made available, on request, to my Line

Manager or Head teacher. I will respect copyright and intellectual property rights.

- I will ensure that my online activity, both in school and outside school, will not bring the reputation of the school or my professional role into disrepute.
- This includes the use of Facebook and other social media and comments I may write. Writing comments on Facebook during the school day is not acceptable as this reflects badly on the practice of the school. Comments about school and its members are not acceptable on social networks sites, including Facebook.
- I will support and promote the school's e-Safety and Data Security policies and help pupils to be safe and responsible in their use of ICT and related technologies.
- To this end, I will promote e-safety with students in my care and will help them to develop a responsible attitude to system use, communications and publishing.
- I will report any incidents of concern regarding children's safety to the E-Safety Coordinator, the designated Child Protection Officer or Headteacher.
- I understand this forms part of the terms and conditions set out in my contract of employment.
