

Hello Year 1,

Below are some useful websites to help you with your learning if you are staying at home. Please remember to keep reading everyday as reading is the key to all learning - the more you read the more you learn! Reading will help you to be Year 2 ready. In maths it would be useful to practise counting forwards and backwards from any number to 100, writing your numerals the correct way, spelling number words to 20 and adding by counting on from a number within 20.

We have attached the Year 1 and 2 common words - it would be great if you could read and spell all of your Year 1 words going into Year 2. Even better if you know some of the Year 2 words.
